

Beach Briefs - August 1, 2018

Beach Conditions

The Captiva Erosion Prevention District (CEPD) has been monitoring the beaches and fish kills; emergency clean up issues have been initiated. In partnership with Sanibel-Captiva Conservation Foundation (SCCF) and the Florida Department of Environmental Protection (DEP), emergency cleanup raking will be starting today, going from the north end of the island to the south end. Beach raking is expected to last between 2-3 days, from Redfish Pass to Blind Pass.

We will continue to monitor the tides to see if further cleanup actions are necessary.

A 4-yard dumpster will be placed at Alison Hagerup Beach Parking Lot with daily pickup on a temporary basis. We appreciate any assistance from visitors and residents who have been bagging dead fish in an effort to keep our beaches beautiful.

Click on www.visitbeaches.org for daily beach conditions.

Click on myfwc.com/redtidestatus for red tide status.

If you have any questions, concerns or issues, please call the CEPD at (239) 472-2472.

North End of Captiva Island

Commissioners

Chair: Dave Jensen

Vice Chair: Mike Mullins

Secretary:

Treasurer:

Henry A. Kaiser

Bob Walter

Michael Lanigan

Administrator

Damon Grant

The Captiva Erosion Prevention District is comprised of 5 elected, unpaid Commissioners dedicated to preserving and maintaining Captiva's beaches and shorelines. For more information on CEPD, click on mycepd.com or join our email list by clicking on mycepd@mycepd.com
